

Butler Township Aggregation Bulletin

(This is NOT an opt out notice. No action required.)

Residents and Businesses of Butler Township,

You have received this letter because our records indicate you are currently (at the outset) not an “eligible customer” to participate in the Butler Township Aggregation Program. Most likely, you were/are receiving generation from another supplier. As a courtesy to those of you who were not initially eligible, we are providing this letter to notify you of the aggregation program terms and conditions and that you can join at any time. This letter provides you with the appropriate contacts should you have questions or want to join the Butler Township Electric Aggregation Program.

Electric Aggregation Program

Butler Township is providing you with the opportunity to join with other residents and businesses to receive preferred rates on the electric you use. The program is possible through a concept called governmental aggregation, where Township officials bring together citizens to gain group-buying power for the purchase of electric from a retail supplier certified by the Public Utilities Commission of Ohio. Township voters approved this program in November 2016.

Under this arrangement, Volunteer Energy has been selected as your Township’s preferred electricity provider.

Through your Township Electric Aggregation Program, **eligible residents will begin receiving a rate of \$0.04399 per kWh and small businesses will be receiving \$0.0455 per kWh through the July 2021 billing period.** There is no cost for the enrollment and you will not be charged a switching fee.

Budget billing of the DP&L portion of the bill is available to anyone who prefers budget certainty. In order to have this service in place please call DP&L direct at 1-800-433-8500.

To reach the supplier, Volunteer Energy, call 1-800-977-8374, weekdays, from 8:30 a.m. to 4:30 p.m. EST.

Questions regarding the aggregation program, how to join the program or any questions regarding your specific existing energy services can be directed toward the Township consultant, Scott Belcastro of Trebel, LLC at 877-861-2772.

Butler Township Aggregation Bulletin

(This is NOT an opt out notice. No action required.)

If you already have a supplier, under contract or not, and would like to inquire about joining the aggregation please follow the simple steps below.

1. Call your existing supplier first. Ask them what the early termination fee is to leave them as a supplier.
 - a. If there is zero early termination fee, then ask the supplier to place your account back with the utility.
 - b. If there is an early termination fee, then you must decide if it's worth leaving the supplier early to join the aggregation. If you still want to proceed with joining the Aggregation, then direct the supplier to place your account back with the utility.

Call the aggregation supplier, listed on the front of this letter, and tell them you would like to join the community aggregation. Be specific about which community.
